* The report is for the week ending the 18th April 1908.

GENERAL SUMMARY.—During the week light showers fell in most districts of Lower Bengal. In Burdwan, Nadia and Jessore the fall amounted to more than an inch. In Bihar, Orissa and Chota Nagpur there was practically no rain. More rain is, however, still wanted in Lower Bengal and Orissa for the cultivation of lands, for the sowing of *bhadoi* crops and for standing crops, such as sugarcane. Planting of sugarcane continues in several districts. Harvesting of the *rabi* crops is nearly over. Their threshing is going on. Stocks of food-grains are insufficient in Nadia, Murshidabad, Balasore and Palamau and in parts of Birbhum. The price of common rice is stationary in most districts ; it has risen in a few districts of the Presidency, Patna and Chota Nagpur Divisions. Scarcity is still apprehended in Midnapore, Nadia, Palamau and Manbhum. Water scarcity is keenly felt in most districts of the Burdwan, Presidency and Orissa Divisions; also in Manbhum and Singhbhum. The fodder-supply is insufficient in Bankura, Cuttack, Angul and Singhbhum. Cattle-disease prevails in Midnapore, Murshidabad, Bhagalpur, Puri, Sambalpur and in all the districts of the Chota Nagpur Division except Singhbhum. Cattle are reported to be dying in many parts of Balasore for want of drinking water. Numbers on test-works in Bankura, Hazaribagh and Ranchi were 2,692 and in the Orissa districts 5,193. Gratuitous relief was given to 18,963 persons, of whom 16,350 were in Orissa.

SUMMARY OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL AND IN EASTERN BENGAL AND ASSAM FOR THE MONTH OF FEBRUARY 1908.

At the beginning of the month a depression from Persia crossed Northern India. It gave nearly general rain in the northern half of the area under report on the 1st and 2nd and a few falls on the 3rd. Rain again occurred on the 5th, 6th and 7th in Chota Nagpur and Bihar. During this first week skies were moderately to heavily clouded and on most days temperature was higher than usual, especially at night. In the second week of the month some rain fell in Eastern Bengal and Assam and at Darjeeling. Temperature was generally normal or in defect, the deficiency occurring chiefly in the south-western districts. Skies were moderately to heavily clouded during the greater part of the week in the north-eastern districts. During the third week of the month rain fell in South Assam and Chittagong on the 15th. Skies were clear, except in Eastern Bengal and Assam, on the 15th and 20th, and in Orissa from the 16th to the end of the week. Temperature was approximately normal. During the week ending the 27th Sibsagar had a light fall of rain on the 21st. Skies were almost clear and temperature was normal except for an excess shewn on the 21st. During the last few days the weather was affected by another depression, which swept across Northern India. Rain fell chiefly in the northern districts on the 29th. Temperature was normal or in excess, the fall of temperature which usually follows a depression not taking place till the beginning of the next month.

Summary of temperature.—Temperature was in slight excess during the month in Bengal and Eastern Bengal, about normal in Bihar, Chota Nagpur and Assam, and in slight defect in Orissa. The lowest temperature observed during the month was 41·3 at Motihari and the highest (97·3) was recorded at Midnapore and Singhbhum.

The following table gives the summary of the temperature of each of the seven meteorological divisions of the Provinces of Bengal and of Eastern Bengal and Assam for the month of February 1908:—

Summary of rainfall.—The rainfall work of the Province has been placed in the hands of the Director of Agriculture, Bengal, and the usual data regarding the actual and normal rainfall during the month are published by that officer. A short table, however, is attached to this report, giving the rainfall recorded during the month at the head-quarters of the various districts of the Province. Rain fell throughout the reporting area except in Orissa, the fall in Bengal being 87 per cent. below the normal, while that in Chota Nagpur was 155 per cent. above normal.

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

* The rainfall at about 9 P.M. of the 25th is to be reported on the following day.

t, thunder, <, lightning; p, passing showers.

REVENUE DEPARTMENT.

NOTIFICATIONS

No. 313T.R.—The 1st May 1908.—The Lieutenant-Governor, with the previous sanction of the Governor-General in Council, is hereby pleased to declare, under the provisions of section 26 of the Indian Forest Act (VII of 1878), that the areas specified below which, in Notification No. 5036, dated the 2nd December 1878, of the Central Provinces Administration, were declared to be reserved forest under section 34 of that Act, shall cease to be reserved forest with effect from this date :—

Specification of lands disforested.

Name of reserve or portion of reserve disforested.	District.	Pargana.	Mauza.	Area in acres.
(1) A portion of Lamdongri ...	Sambalpur ...	Sambalpur ...	...	27
(2) A portion of Baighara Forest in Jharghatti block.	Ditto ...	Ditto ...	...	4

Boundaries.

(1) *North*—Bengal-Nagpur Railway lands and lands belonging to mauza Majhipali.
East—Mauza Chatargarha.
South— Ditto and Bengal-Nagpur Railway lands.
West—Government reserved forest of Lamdungri.

(2) *North* and *South*—Bengal-Nagpur Railway lands.
East and *West*—Government reserved forest of Baighara.

NOTE.—The land lies between boundary pillars Nos 34 and 35 on south boundary and between pillars Nos. 6 and 7 on the north boundary.

Brief description.

Poor pole forest of *sál* and scrub jungle on 19 acres of No. 1. The remainder of No. 1 and the whole of No. 2 are occupied by the Railway line.

Reasons for disforestation.

All the above areas with the exception of 19 acres to the east of No. 1 (Lamdungri) are occupied by the Sambalpur Branch of the Bengal-Nagpur Railway. The 19 acres to the east of No. 1 are excluded, because they are cut off from the main block by the Railway line, and on this account are not worth maintaining as reserved forest.

No 314T.R.—The 1st May 1908.—The Lieutenant-Governor, with the previous sanction of the Governor-General in Council, is hereby pleased to declare, under the provisions of section 26 of the Indian Forest Act (VII of 1878), that the area specified below, which, in Central Provinces Administration Notification No. 2749 of 14th June 1894, was declared to be reserved forest under section 19 of that Act, shall cease to be reserved forest with effect from this date :—

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENT.

The 1st May 1908.

No. 72.—The following notification issued by the Government of India in the Public Works Department is republished for information :—

The 24th April 1908.

No. 83.—The following is published for general information :—

ESTABLISHMENTS.

Nos. 675-694E., dated the 24th April 1908.

RESOLUTION—By the Government of India, Public Works Department.

The Government of India have for some time had under their consideration the question of improving the pay of the Engineer Establishment of the Public Works Department. They have recognised that in the altered circumstances of the country the existing rates of pay are insufficient to ensure the recruitment of engineers with the requisite qualifications either in England or in India, or to maintain that standard of efficiency which is requisite to the proper maintenance and control of the great system of Public Works on which the advancement and prosperity of the country so largely depend. The question of re-organising the pay of the service is complicated by the inclusion in one list of Imperial engineers recruited in England and Provincial engineers recruited in India, the latter drawing a lower rate of pay. The Provincial Service was constituted in 1892, but up to the present time its officers, though on a lower scale of pay and under different rules in regard to leave and pension, are borne on the same list as the engineers of the Imperial Service—a practice not in accordance with that followed in any other Department. It has been decided that the opportunity afforded by the alteration of the rates of pay should be

taken to give full effect to the recommendations of the Public Service Commission and to separate the cadres of the Imperial and Provincial Services. The Governor-General in Council, with the approval of His Majesty's Secretary of State for India, is, therefore pleased to sanction the following changes in organisation with effect from the 8th March of 1908, the date on which the Secretary of State's despatch on the subject was received in India.

IMPERIAL ENGINEERS.

2. *Assistant and Executive classes.*—In place of the existing graded system of promotion in the executive and assistant engineer classes, as laid down in Resolution No. 2523G., dated the 28th September 1893, it has been decided, with the object of equalising the rate of promotion of officers in these classes throughout India, to introduce a fixed time-scale of promotion. The scale sanctioned is as follows:—

		Maximum pay. Rs.
Assistant Engineer,	1st year of service	380
	2nd "	420
	3rd "	460
	4th "	500
	5th "	540
	6th "	580
	7th "	620
" "	8th "	660
Executive Engineer,	9th "	700
	10th "	750
	11th "	800
	12th "	850
	13th "	... 900
	14th "	950
	15th "	... 1,000
	16th "	.. 1,050
	17th "	... 1,100
	18th "	... 1,150
	19th "	... 1,200
	20th " " " ...	... 1,250

The two periodical increments of Rs. 50, now admissible to Executive Engineers, 1st grade, under paragraph 12 of Volume I of the Public Works Code, are abolished and, in accordance with the procedure which is usually adopted when the pay of a service is reorganised on an improved basis, exchange compensation allowance will cease to be drawn with effect from the date on which the new scale comes into force.

The increments will be given for approved service only; but after the first increment has been admitted by the Local Government or Administration under which the officer is serving subsequent increments may be drawn in each class on the date on which they are due, and may be admitted in audit without sanction of higher authority, provided that the Local Government or Administration concerned has not issued an order withholding the increment in any particular case. In the 9th year of service an officer will ordinarily pass into the executive class, the minimum pay of which is Rs. 700, but no officer will be permitted to enter that class until he is reported fully qualified for the charge of a division. Further, no officer in the executive class may draw more than Rs. 800 a month except as a purely temporary arrangement, unless he holds a divisional charge, or a charge which, in the opinion of the Local Government or Administration, is of equal importance. An officer of the assistant class placed in charge of a division will, in addition to his substantive pay, draw the ordinary officiating allowance admissible under article 120, Civil Service Regulations, subject to a maximum of Rs. 700, which is the minimum pay of an Executive Engineer; but the period during which an Assistant officiates in the executive class will not count as service for increments in that class. Temporary promotion to the rank of Executive Engineer is abolished.

3. *Administrative classes.*—No change is made in the pay of officers of administrative rank, as sanctioned in Resolution No. 1101E., dated the 25th August 1905, but exchange compensation allowance will not be admissible on promotion to that rank to officers who on the 8th March 1908 were below the rank of Executive Engineer, 1st grade. An exception is made in the case of Executive Engineers, 1st grade, since the enjoyment of the higher rate of pay up to the date of promotion to the rank of Superintending Engineer might not compensate them for the loss of exchange compensation allowance, admissible to administrative officers under present rules. Exchange compensation allowance in the administrative classes has already been withdrawn by the orders in Resolution No. 471E., dated the 30th April 1906, from all officers appointed to the Department in and after the year 1907, and the present orders will ultimately lead to the complete abolition of the allowance throughout all ranks of the Department.

PROVINCIAL ENGINEERS.

4. *Assistant and Executive classes.*—In the case of these officers the following improved time-scale for the assistant and executive classes is introduced in place of the system of grade promotion, laid down in Resolution No. 2523G., dated the 28th September 1893, under

which an officer of the Provincial Service cannot, as an Executive Engineer, rise above a maximum pay of Rs. 650:—

		Maximum pay. Rs.
Assistant Engineer,	1st year of service	250
" "	2nd "	250
" "	3rd "	300
" "	4th "	300
" "	5th "	350
" "	6th "	350
" "	7th "	400
" "	8th "	400
" "	9th "	450
" "	10th "	450
" "	11th "	500
" "	12th "	500
" "	13th "	550
" "	14th "	550
" "	15th "	550
Executive Engineer,	16th "	650
" "	17th "	650
" "	18th "	700
" "	19th "	700
" "	20th "	750
" "	21st "	750
" "	22nd "	800
" "	23rd "	800
" "	24th "	850
" "	25th "	850
" "	26th "	900

No promotion to the executive class will be made until the completion of 15 years' service, and promotion at that stage will be dependent on—

(1) possession of the necessary qualifications for the charge of a division,

(2) existence of a vacancy in the divisional charges reserved for provincial engineers (paragraph 11 below).

An assistant appointed to the charge of a division will receive the ordinary officiating allowance admissible under article 120, Civil Service Regulations, subject to a maximum salary of Rs. 650, the minimum pay of the executive class; but the period during which an Assistant officiates in the executive class will not count as service for increments in that class. Temporary promotion from the assistant to the executive class is, as in the case of the Imperial Service, abolished.

The increments will be given for approved service only, and may be drawn when due subject to the same restrictions as are laid down in the case of the Imperial Service.

5. *Administrative classes.*—In supersession of the rates of pay fixed in Resolution No. 2112G., dated 19th July 1892, the following revised rates are sanctioned for the three classes of Superintending Engineers:—

	Rs.
Class I	1,600
" II	1,400
" III	1,200

The rates of pay for officers of the Provincial Service who may rise to the rank of Chief Engineer will be the rates sanctioned for Imperial engineers.

6. All Provincial engineers now in the Department are given the option of electing or these new conditions of service. If election is made within two months from the date of this resolution, it will take effect from the date from which the new scale is sanctioned, otherwise with effect from the date of election. A reasonable extension of time, at the discretion of Local Governments and Administrations, may be permitted in the case of officers on leave or on foreign service out of India.

7. In the case of both Imperial and Provincial engineers all time spent on leave with allowances, on foreign service and on deputation on special duty, will count as service for increments on the time-scale in the absence of orders in any particular case to the contrary. In regard to the date on which increments become due the rule in Civil Service Regulations, article 151, will apply. This will not, however, in any way affect the question of relative seniority which, as at present, will be regulated by the date or order of appointment, as the case may be.

8. The initial salary which each officer now in the service is to draw under the new scales of pay will be determined by their Local Governments, except in the case of officers on the minor Administrations List, whose promotion has hitherto been regulated by the Government of India. The initial salary to be drawn by these officers will be communicated in due course to the Government of Eastern Bengal and Assam and to the Local

Administrations concerned. In determining the initial pay under the new scales it should be understood that, though Local Governments are accorded full power to fix the pay of any officer within the maximum admissible for his length of service, no officer whose promotion has been retarded in the past is, by reason of length of service, entitled to claim a higher rate of pay under the new scales than that admitted to the officer immediately above him in the seniority list. Indian College officers on the Imperial rates of pay will count service, for the purpose of the new incremental scale, from the date on which they attained the pay Rs. 350.

9. The new scale will be introduced so as not to cause any reduction in the emoluments (substantive pay *plus* exchange compensation allowance) actually drawn at present by any officer, Imperial or Provincial, under the existing scale. In any case in which under the new scale the pay admissible is less, the difference between such pay and the old scale of pay, *plus* exchange compensation allowance, will be allowed as a personal allowance to be reduced or absorbed as the recipient's pay, or salary, is increased under the new scale. Further, no officer shall be called upon to refund any excess of pay, which he may have actually drawn, under competent authority, between the date on which the new scales of pay take effect, viz., the 8th March 1908, and the actual date of the orders of the Local Government or Administration regulating the position of the officer on the incremental scale; and any officer, whether Imperial or Provincial, permanently promoted to the rank of Executive Engineer on or before the date of this Resolution, may be permitted to retain that rank irrespective of his position on the new incremental scales of pay.

10. The pay to be drawn by Royal Engineers in the administrative classes is determined by Resolution No. 1140E., dated 15th October 1906, and separate orders will issue in due course in regard to the pay to be drawn by these officers in the executive and assistant classes consequent on the revision of the civil rates of pay now sanctioned.

11. It will now be necessary to fix a separate cadre for Imperial and for Provincial engineers for each province or branch of the service, and, this matter, which is not one of urgency, will be taken up in due course in communication with the various Local Governments and Administrations. The strength of the Provincial Service has, with the sanction of the Secretary of State, been fixed for the present at 280 officers, and separate cadres will therefore be laid down for each Provincial branch of the service working up to this total, the balance of requirements being provided for in the cadres for Imperial engineers. It may be explained that, in order to secure, as provided in the scale of pay laid down, the promotion of each qualified Provincial engineer to the executive class, after three years' service on his maximum pay as an Assistant Engineer, in other words in his 16th year of service, it is estimated that it will be necessary to reserve a minimum of 75 divisional charges for this service. This number will accordingly be eventually reserved and distributed over the various Provincial cadres. The Provincial service which was introduced by Resolution No. 2112G., dated 19th July 1892, is still in its infancy, the total strength at present being 145 officers, and no officer of that service has consequently yet reached the stage in his career when his fitness for administrative rank would ordinarily require consideration. All administrative charges must therefore be filled for the time being by Imperial engineers, and the cadres for Provincial engineers will, for the present, be confined to the executive and assistant classes. The Governor-General in Council, however, fully recognizes the necessity of increasing the strength of the Provincial Service, as soon as this is found to be practicable, in order to provide a larger field of employment for persons who have been trained in this country. The scheme now sanctioned for the Provincial Service must not therefore be regarded as finally determining the position of that service in the Public Works Depatment, but rather as providing the framework of a scheme, to be subsequently enlarged, in the direction of giving the Indian element in the department a larger share in the administration of the public works of their country as they prove their fitness for the higher posts. The Governor-General in Council, therefore, directs that a careful reconsideration of the strength and constitution of the Provincial Service shall be undertaken at periodical intervals of five years.

ORDERED that this Resolution be forwarded to Local Governments, Administrations and Officers noted in the margin for information and guidance, and that it be published in the *Gazette of India* for general information.

MILITARY SECRETARY'S OFFICE.

NOTIFICATION.

Simla, the 1st May 1908.

No. 967-M.—Notice is hereby given that HIS EXCELLENCY THE VICEROY AND GOVERNOR GENERAL will hold a Levée at Viceregal Lodge, Simla, at 9-45 P.M. on Thursday, the 21st May 1908.

All Civil and Military Officers and the Indian Officers of the Infantry Guard are invited to attend.

The following regulations are to be observed:

I.—Gentlemen who propose to attend His Excellency's Levée are requested to bring with them two large cards with their names *clearly written* thereon—one to be left with the Aide-de-Camp in waiting in the corridor, and the other to be delivered to the Military Secretary, who will announce the name to His Excellency.

II.—Gentlemen who have not already been presented at the Court of St. James, or at the Viceregal Court, should send in their names and addresses through the gentlemen who propose to present them to the Military Secretary's Office not later than Saturday, the 16th May 1908, in order that the names may be submitted to His Excellency, when, if they are approved, presentation cards will be forwarded.

III.—Gentlemen presenting others must themselves attend the Levée.

IV.—Gentlemen entitled to wear uniform will appear in Full Dress: Military Officers—Review Order, dismounted; Civilians—Levée Dress. Helmets will not be taken to the Levée.

V.—Clergymen being University Graduates and other gentlemen entitled to wear robes or gowns on account of Judicial or Academical office or status, and not entitled to wear uniform, will appear in such robes or gowns.

VI.—Gentlemen not entitled to wear uniform, or robes or gowns, will appear in Evening Dress.

VII.—Indian gentlemen who do not appear in the dress prescribed above will wear Choga, Aba or Jubba and Chapkan, Chilta, Saya or Kaba with trousers and their distinctive National head-dress, or the ceremonial dress approved for their class by the Local Government.

In the case of Bengali gentlemen the head-dress should be a Pugree generally known as Shamla or Mouratta, and not a brimless cap.

In the case of Burmese gentlemen, the head-dress should be a white fillet, the hair being dressed in a top knot.

Indian gentlemen who do not appear in the dress prescribed in rules IV, V and VI should not remove their head-dress when they pass His Excellency.

At the Viceregal Court, only patent leather boots or shoes of an English pattern are allowed to be worn, except in the case of Indian Military Officers, who wear the particular style of boot or shoe which forms part of their uniform.

By Command,

VICTOR BROOKE, *Lieut.-Colonel,*
Military Secretary to the Viceroy.

The following orders, issued by the Government of India in the Home Department, are republished for general information.

Municipal and Local.

NOTIFICATION.

No. 22T.—L.S.-G.—The 29th April 1908.—It is hereby notified, for general information that, in exercise of the powers conferred on him by section 138 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor intends to make the following rules, in modification of rules 32 and 44 of the rules made under clauses (*g*), (*l*) and (*m*) of that section, and published with Notification No. 3334L.S.-G., dated the 20th December 1901, at pages 293—305 of Part IB of the *Calcutta Gazette* of the 25th idem. These rules will be taken into consideration, with a view to their final adoption on the 15th June 1908, when any objection or suggestion which may be made by any person and received before that date will be considered:—

Rule 32.—"Except as provided in rule 31, the District Engineer is strictly prohibited from commencing the construction of any work or expending public funds, without the sanction of competent authority; also from making or permitting any, except trifling, deviations from any sanctioned design in the course of execution, unless under specific authority or in case of emergency, when the change should be forthwith reported to the Inspector of Works. All unauthorised expenditure will be incurred at his own risk."

Rule 44.—"The District Engineer is held primarily responsible for affording information to the Inspector of Works in cases of probability of excess of actual over estimated cost of any work. A revised estimate is necessary whenever the total expenditure from any cause is likely to exceed by more than 5 per cent. the total of the original estimate, including the provision for contingencies. On receipt of a report from the District Engineer that the total expenditure on any work is likely to exceed the total of the sanctioned estimate, the Inspector of Works shall call on the District Engineer to furnish him with such particulars as will enable him to decide whether a revised estimate is required or not."

C. E. A. W. OLDHAM,
Secretary to the Government of Bengal.

ELEMENTARY MECHANICS.

THE following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination:—

Plumb-line and Level.
Simple Lever (including brass slotted weights).
Roman Steelyard.
Lecture apparatus for experiments on moments.
George's New Atwood's Machine.
Stop-watch.
Glazebrooke's apparatus (to demonstrate movement of a body).
Hick's Ballistic Balance.
Compound Wheel and Axle.
4 Single brass Pulleys.
2 ,, ,, ,,
2 Triple ,, ,,
Weston Differential Pulley Blocks (½ ton).
16 feet of chain at 6*d*. per foot.
Inclined Plane.
Parallelogram of Forces apparatus.
Wall Crane.
Becker's New Physical Balance.
Set of Gramme Weights (200 grams to 1 mgr.)
2 Composition-Ivory Balls.

NOTE.—The above list is not exhaustive, and much of it might be replaced by simpler forms that could probably be made far more cheaply by any clever *mistry* under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list specially for demonstration purposes, and subsequently to develop simplified duplicates, illustrating the same principles, which the boys should be given opportunity actually to experiment with on their own individual accounts or working in pairs.

Under section 3, clause (*h*), every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list:—

I.—The total cost need not exceed Rs. 150—

1. A measuring tape.
2. A magnetic compass.
3. Squared paper and tracing paper.
4. Clay, dry sand, paper pulp or plasticine for modelling.
5. A globe, not less than 14 inches in diameter, with writing surface, and with lines of latitude and longitude, and outlines only of the land-masses, marked upon it.
6. A map of the school locality on a scale of 4″ or 6″ = 1 mile.
7. A map of the district in which the school is situated on the scale 1″ = 1 mile.
8. A map of the Division in which the school is situated on the scale 1″ = 4 miles.
9. A map of the Province.
10. A map of India.

(*N.B.*—All these maps should be coloured to indicate the height of the land above sea-level.)

11. A relief map of India.
12. Maps of India showing the most important distributions, *e.g.*, Temperature and Rainfall, Density of Population, Forest, Pasture and Agricultural land, Minerals, Industries, Railways and Canals, Political Divisions.
13. Physical maps of the continents and of the British Isles.

It is essential that the students should be provided with atlases, or with the necessary hand-maps. Maps for school work should not contain too much detail, or be crowded with names.

II.—The following additional equipment is recommended when it can be provided:—

1. A wet and dry bulb thermometer.
2. A barometer.
3. A rain gauge.
4. A large globe coloured to indicate land relief and ocean depths.
5. A relief globe.
6. Small hand globes for the use of pupils.
7. Hand maps for use in class.
8. A relief map of the Province.
9. A map of the World on Mollweide's equal area projection.
10. A geological map of India.
11. A small collection of typical rocks, in particular those of the Province and of India.
12. A small museum of typical products.
13. The Statistical Atlas of India.
14. A good standard atlas.
15. A Meteorological atlas.
16. Mill's International Geography.
17. A geographical Gazeteer.
18. Geographical wall pictures.

The total cost of this supplementary equipment need not exceed Rs. 400, and can be reduced if Schools will make their own collections of rocks and typical products.

III. (1) Valuable information regarding geographical equipment and all other matters connected with the teaching of geography is to be found in the Geographical Teacher, the organ of the Geographical Association, published three times a year, at one shilling a copy.

(2) Globes of all kinds are made by George Philip and Son, London, W., and A. K. Johnston, London, and Messrs. Ruddiman, Johnston, London.

Small hand globes of German make can be obtained through the Calcutta School Book Society for about a rupee each.

(3) The "Comparative" series of large wall maps of the continents published by George Philip and Son is good and up to date; so also are the Orographical wall maps published by Edward Stanford. Messrs. Ruddiman, Johnston publish a series of smaller wall maps which includes maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District maps; also ordinary and relief maps of the Province.

Babu L. M. Basu, the drawing master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong card board, named on one side, and the same map without names on the reverse, published by Armand Colin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand maps, coloured to indicate relief, published by the Diagram Company, West Baines Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps, showing river systems and a few towns, published by the same Company, are excellent for class use.

The Autograph hand maps, with hill shading in brown, published by Edward Stanford, London, at one penny each, are very good, and are larger than the Diagram Company's hand maps. The 15 inches map of the World on Mollweide's equal area projection is especially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Messrs. Hachette of Paris, and Messrs. Holzel of Vienna. They cost, delivered in India, from two to three rupees each.

Map lantern slides, and view slides especially prepared for geography teaching, are sold by the Diagram Company for two or three shillings each.

(6) The best meteorological atlas published in Britain is Bartholomew's, and the most recent geographical gazetteer in English is that published by J. B. Lippincott of Philadelphia and London.

The induction coil; single shocks; short circuiting key; effect of single shocks on the tongue; break-shock is stronger than the make-shock. Helmholtz's Modification; Neef's Hammer.

Pithing a frog; nerve-muscle preparation. Mechanical, chemical, thermal and electrical stimulation of muscle and nerve.

The Graphic method: Simple lever; crank lever (myograph); moist chamber. Minimal and maximal excitation with single induction shocks (make and break). Stimulation by constant current: contraction of muscle only at make and break.

The muscle curve:—Single contraction of a frog's muscle: the latent period, the period of contraction and the period of relaxation. Time tracing by tuning-fork. Method of after-loading. The influence of temperature and of load on muscular contraction. The work performed by a muscle during a twitch.

Elasticity and extensibility of muscle.

Summation of muscular contraction: tetanus.

Fatigue of muscle.

Thickening of a muscle on contraction.

Bernard's curare experiment.

Stimulation of a motor nerve; unequal excitability (greater nearer the centre of a motor nerve); excitability of flexor and extensor nerves.

Velocity of nerve-impulse (myographic method).

Electro-Physiology:—Galvani's experiment of contraction with metals; Galvani's experiment of contraction without metals.

The Frog's heart—Beating of the heart; effect of heat and cold (heart *in situ*) section of the heart: effect of heat and cold on excised heart.

Stannius' experiment.

Graphic record of the beat of the heart (suspension method and also direct registration with heart-lever).

Pulse—Sphygmographic tracing.

Blood-pressure in man: Sphygmometer (Hill and Bernard's).

Reflex action (simple experiments on a pithed frog).

Vision:—Accommodation; Scheiner's experiment; near and far points;

Purkinje sanson images: Phakoscope; Blind spot; yellow spot; Colour vision: Complementary colours.

HONOUR COURSE.

Additional Experiments—

The Induction Coil—Break extracurrent of Faraday.

The Rheonome: Effect of sudden variation of current.

Isotonic and Isometric contraction.

Influence of veratrine on muscular contraction.

Indefatigability of nerve.

Excitation of muscle by constant current; Polor excitation of a muscle.

Electrotonus. Electrotonic changes in excitability and conductivity of a nerve.

Kuhne's experiment of contraction without metals.

Examination of currents in muscle, nerve and heart by means of the reflecting galvanometer.

Frog's heart—Minimal stimulus causes maximal contraction. "Staircase effect." Single contraction of the ventricle. Tetanisation. Refractory period. Stimulation of the vagus. Action of drugs (Muscarin and Atropin) on the heart.

Voice and Speech: Laryngoscope.

Vision: Ophthalmoscope; Perimeter.

EXPERIMENTAL PSYCHOLOGY.

The subject is to be studied as defined by the Syllabus. Students are recommended to use one or more of the following books or select portions thereof, with special reference to the course laid down in the Syllabus :—

Pass Course.

I.—General Psychology—

Hoffding—Outlines of Psychology.
Wundt—Human and Animal Psychology.
Stout—Manual of Psychology.
Preparatory Reading—Students are advised to read Stout's Groundwork of Psychology before joining the regular class.

II.—Experimental Psychology—

Titchener—Outlines of Psychology.
Külpe—Outlines of Psychology.
Scripture—New Psychology.
Laboratory Course—Titchener's Experimental Psychology, Volume I, Part I, and Volume II, Part I.

Honour Course.

I—General Psychology—Same as in the Pass Course.

II.—Physiological and Comparative Psychology—

Wundt—Outlines of Physiological Psychology (Volume I).
Ladd—Elements of Physiological Psychology.
Romanes—Mental Evolution in Man.
Romanes—Mental Evolution in Animals.
Lloyd Morgan—Comparative Psychology.
Herbert Spencer—Principles of Psychology (Volume I).

III.—Experimental Psychology—

In addition to the books recommended for the Pass Course, the following :—
Wundt—Outlines of Psychology.
Ladd—Elements of Physiological Psychology (select portions).

The following books are recommended for the guidance of teachers :—

General Psychology—

James—Principles of Psychology.
Ward—Psychology (Art. in the Encyclopædia Britannica).
Ladd—Elements of Physiological Psychology.
Herbert Spencer—Principles of Psychology.
Bain—Senses and the Intellect.
Bain—Emotions and the Will.
Sully—Human Mind.
Wundt—Outlines of Psychology.

Physiological and Comparative Psychology—

Loeb—Comparative Physiology of the Brain and Psychology.
Foster—Text-book of Physiology.
Helmholtz—Sensations of Tone.

Experimental Psychology—

Titchener—Experimental Psychology—
Volume I, Part II ... } Instructor's Manual.
Volume II, Part II ... }

2. Higher Plane Trigonometry—
   Hobson—Plane Trigonometry.
3. Spherical Trigonometry—
   Casey—Spherical Trigonometry.
   Todhunter—Spherical Trigonometry (Ed. Leathem).
4. Theory of Equations and Algebra of Quantics—
   Burnside and Panton—Theory of Equations.
   Grace and Young—Algebra of Invariants
   Elliott—Introduction to the Algebra of Quantics.
5. Plane Analytical Geometry, including Higher Plane Curves—
   Salmon—Conic Sections.
   Salmon—Higher Plane Curves.
   Basset—Treatise on Cubics and Quartics.
6. Geometry of Surfaces—
   Salmon—Geometry of Three Dimensions.
   Frost—Solid Geometry.
7. Differential Calculus.
   Edwards—Differential Calculus.
8. Integral Calculus—
   Williamson—Integral Calculus.
9. Differential Equations—
   Forsyth—Differential Equations.
10. Calculus of Variations—
    Bolza—Lectures on the Calculus of Variations.
11. (*a*) Theory of Functions—
    Forsyth—Theory of Functions, 2nd edition.
    (*b*) Theory of Groups—
    Burnside—Theory of Groups.
    Campbell—Theory of Continuous Groups.
    (*c*) Finite Differences and Calculus of Functions—
    Boole—Finite Differences.
    Carmichael—Calculus of Operations.
    Herschel—Examples of Calculus of Finite Differences.
    Babbage—Examples of Functional Equations.
    Whittaker—Modern Analysis.
    (*d*) Vector Analysis and Quaternions—
    Joly—Quaternions.
    Tait—Quaternions.
    Gibbs and Wilson—Vector Analysis.
    (*e*) Projective Geometry—
    Cremona—Projective Geometry.
    Scott—Modern Analytical Geometry.
    Reye—Geometry of Position. Tr. Holgate.
    Jessop—Line Complex.
    Russell—Foundations of Geometry.
    (*f*) Theory of Numbers –
    Matthews—Theory of Numbers.
    Smith—Reports on the Theory of Numbers (Collected papers, Vol. I. pp. 38—364).

Mixed Mathematics.

1. Advanced Statics, including Theory of Potential—
   Minchin – Statics.
2. Dynamics of a Particle—
   Routh—Dynamics of a Particle.
3. Rigid Dynamics—
   Routh – Elementary Rigid Dynamics.
4. Hydrostatics, including Capillarity—
   Besant and Ramsey—Hydrodynamics, Part 1 (Hydrostatics).
5. Hydrodynamics—
   Lamb—Hydrodynamics—3rd edition.
6. Spherical Astronomy—
   Newcomb—Spherical Astronomy.
7. (*a*) Theory of Elasticity—
   Love—Theory of Elasticity, 2nd edition.
   Todhunter and Pearson—History of Theory of Elasticity.

   (*b*) Advanced Dynamics—
   Whittaker—Analytical Dynamics.
   A. C. Webster—Dynamics.
   Routh—Advanced Rigid Dynamics.
   Hertz—Principles of Mechanics.

   (*c*) Higher Parts of Spherical Astronomy—
   Chauvenet—Spherical Astronomy.

   (*d*) Lunar and Planetary Theories—
   Adams—Lectures on Lunar Theory.
   Airy—Mathematical Tracts.
   Cheyne—Earth's Motion of Rotation.
   Brown—Lunar Theory.
   Cheyne—Planetary Theory.
   Moulton—Celestial Mechanics.

   (*e*) Figure of the Planets—
   Todhunter—History of the Theory of attraction and the figure of the Earth.
   Thomson and Tait – Natural Philosophy.
   Airy—Mathematical Tracts.
   Airy—Figure of the Earth. Enc Metr.
   Clarke and Radau—Figure of the Earth. (Enc. Britt., Vols. VII and XXVII).
   Pratt—Figure of the Earth.

   (*f*) Theory of Tides—
   Basset—Hydrodynamics.
   Darwin—Tides and Kindred Phenomena. (Murray, 1898.)
   Darwin—Tides. (Enc. Britt., Vols. XXIII and XXXIII.)
   Airy—Tides and Waves. (Enc. Metr.)

Physics, 1910.

The standard required in each branch should be higher than that of the Honour B.Sc. Examination. Students are required to consult their Professors as to a suitable course of reading which should include the study of original papers.

CHEMISTRY, 1910.

(*a*) PHYSICAL CHEMISTRY.

Nernst—Theoretische Chemie (3rd edition).
Miller—Chemical Statics and Dynamics.
Findlay—The Phase Rule.
Lehfeldt—Electro-Chemistry.
Whetham—Theory of Solution.
Travers—Study of Gases.
Soddy—Radio-activity.
Ostwald—The Principles of Chemistry.
J. Walker—Introduction to Physical Chemistry.
E. C. Baly—Spectroscopy.

(*b*) INORGANIC CHEMISTRY.

Meyer—History of Chemistry.
Mendeleef—Principles of Chemistry.
Roscoe and Scharlemmer—Treatise on Chemistry.
Thorpe—Industrial Chemistry.
Bloxam and Blount—Industrial Chemistry.

Ostwald—The Principles of Chemistry.
Fresenius – Qualitative Analysis and Quantitative Analysis.
Sutton—Volumetric Analysis.
Hempel—Gas Analysis.
Treadwell and Hall—Analytical Chemistry, Vols. I and II.

(c) ORGANIC CHEMISTRY.

Richter—Organische Chemie, 9th edition.
Gatterman—Practical Organic Chemistry.

Candidates for the M.A. Examination are required to consult original papers in the Chemical Society's Journals and other Scientific periodicals and also to consult the annual Reports issued by the Chemical Society on the "Progress of Chemistry," in connection with the special subject taken up by them.

PHYSIOLOGY, 1910.

Schafer	Text-book of Physiology.
Howell	Ditto.
Halliburton	Text-book of Chemical Physiology and Pathology
Stohr	Text-book of Histology (Edited by Schafer).
Mann	Physiological Histology.
Biedermann	Electro-Physiology.
Merat	Physiology of the Nervous System.
V. Noorden	The Physiology of Metabolism (Vol. I of Metabolism and Practical Medicine).

N.B.—Advanced students are expected to be in touch with the recent advances in Physiology, and in view of this they are advised to read the Journal of Physiology.

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of elementary mathematics.
(2) Careful training in survey work.
(3) Drawing, both free-hand and engineering.
(4) Elements of road-making and the construction of simple buildings.
(5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 6th July 1908.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable one year, are awarded each year on the results of the annual examinations, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

(1) The Entrance Examination of an Indian University in English and mathematics.
(2) Standard VII of the Code of European schools.
(3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance Examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 7th and 8th July, respectively (from 6 A.M. to 9 A.M each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

(a) Name, address, and occupation of father or guardian.
(b) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family has taken up his residence in Bihar.)
(c) A certificate of good moral character from last head-master.
(d) An attested certificate of age (showing that he is under 20 years of age).
(e) A medical certificate showing him to be fit for employment in the public service.
(f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin-student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 8th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 6th July 1908, unless application for admission is made before 30th June 1908.

10. All candidates for admission to the school should present themselves personally at the school on 6th July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

PART III.

Acts of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

The following Act, passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honour on the 11th April, 1908, and, having been assented to by His Excellency the Viceroy and Governor General on the 27th idem, is hereby published for general information:—

BENGAL ACT No. III OF 1908.

An Act further to amend the Puri Lodging-house Act, 1871.

WHEREAS it is expedient further to amend the Puri Lodging-house Act, 1871; *Ben. Act IV of 1871.*

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Puri Lodging-house (Amendment) Act, 1908.

Partial repeal of title and preamble to Bengal Act IV of 1871.

2. The words "and other towns in Orissa," in the title and preamble to the Puri Lodging-house Act, 1871, are hereby repealed. *Ben. Act IV of 1871.*

Amendment of section 1.

3. (*1*) In the definition of "lodger," in section 1 of the said Act, for the words "an inmate" the words "a pilgrim" shall be substituted.

(*2*) To the said definition the following shall be added, namely:—

"and shall include a person who pays or delivers to his Panda, or to any other person on behalf of his Panda, money in a lump sum, or property, or both, in consideration for the provision of accommodation and bodily comforts by such Panda or other person in any place other than the place of residence of such Panda"

Amendment of section 4 and repeal of Schedules A and B.

4 (*1*) In section 4 of the said Act,—

(*a*) for the words "in the form set forth in Schedule A of this Act" and

(*b*) for the words "in the form set forth in Schedule B of this Act,"

the following words shall respectively be substituted, namely:—

"in such form as the Lieutenant-Governor may, by notification, prescribe in this behalf."

(2) Schedules A and B to the said Act are hereby repealed.

Amendment of section 7.

5. In section 7 of the said Act,—

(a) for the word "two" the word "five" shall be substituted; and

(b) after the word "each" the words "day or" shall be inserted.

Amendment of section 8.

6. In section 8 of the said Act, for the words "a fee, calculated at the rate of eight annas for each person upon the entire number of lodgers mentioned in such license, shall be payable," the following shall be substituted, namely:—

"a fee shall be payable, calculated upon the entire number of lodgers which is mentioned in the certificate, at such rate, not exceeding one rupee for each lodger, as the Lieutenant-Governor may, by notification, direct."

Amendment of section 9.

7. In section 9 of the said Act, for the words "for twelve calendar months from the day of its date" the words "till the thirty-first day of December of the year in which it is granted" shall be substituted.

Amendment of section 10.

8. (1) The word "reasonable," where it first occurs in section 10 of the said Act, is hereby repealed.

(2) To the said section the following shall be added, namely:—

"Provided, further, that no entry, inspection or examination shall be made between the hours of 9 P.M. and 6 A.M. except by—

(a) the Magistrate himself, or

(b) the Health Officer, if he is also the Civil Medical Officer of the district, or

(c) an officer, not below the rank of Sub-Deputy Magistrate or Sub Deputy Collector, who is authorized in writing in this behalf by the Magistrate."

New section 11A.

9. After section 11 of the said Act the following shall be inserted, namely:—

Persons authorized to inspect deemed public servants.

"11A. Every person who is authorized in writing under section 10 to enter into, inspect and examine any lodging-house shall be deemed to be a public servant within the meaning of the Indian Penal Code." (XLV of 1860.)

New section 12A.

10. After section 12 of the Puri Lodging-house Act, 1871, the following shall be inserted, namely:— (Ben. Act IV of 1871.)

Keeper of lodging-house to record name of person left in charge.

"12A. Every keeper of a lodging-house shall maintain a register, and shall record therein the name of the person whom he leaves actually in charge of the lodging-house during each period when such keeper is absent therefrom."

Amendment of section 13.

11. In section 13 of the said Act, for the word "inmates" the word "lodgers" shall be substituted.

Amendment of section 14.

12. For section 14 of the said Act the following shall be substituted, namely:—

Keeper of lodging-house to expose notice.

"14. (1) Every keeper of a lodging-house shall expose and keep exposed, on a conspicuous portion of the front of such house, a notice showing the number of the license and the number of lodgers which he is licensed to accommodate.

(2) Such notice shall be plainly and legibly inscribed in the Bengali, Hindi and Uriya characters."

Amendment of section 17.

13. (*1*) The portion of section 17 of the said Act from the words "Every keeper of a lodging-house" to the words "suspension of his license" shall be re-numbered section 17, sub-section (*1*); and the remainder shall be numbered sub-section (*2*).

(*2*) In the said sub-section (*1*), for the word "inmates" in both places in which it occurs, the word "lodgers" shall be substituted, and for the words "an inmate of" the words "a lodger in" shall be substituted.

(*3*) The words "and of the number of lodgers mentioned in such license," in the said sub-section (*1*), are hereby repealed.

(*4*) To the said sub-section (*1*) the following shall be added, namely:—

"shall be liable to be punished by a fine not exceeding five rupees for each lodger so found."

(*5*) In the said sub-section (*2*),—

(*a*) for the words "or who shall refuse or neglect" the words "Every keeper of a lodging-house who refuses or neglects" shall be substituted; and

(*b*) after the words "thereunto required or" the words and figures "who fails, without reasonable cause, to maintain the register prescribed by section 12A, or to make any entry therein which is prescribed by that section, or" shall be inserted.

New section 21A.

14. After section 21 of the said Act the following shall be inserted, namely:—

Power to grant temporary licenses in cases of urgency.

"21A. Where, in cases of urgency, the Magistrate is satisfied that sufficient accommodation cannot be provided in the licensed lodging-houses for all the pilgrims visiting the town, he may grant temporary licenses on such terms as he may think fit, and may charge for any such license such fee as he thinks fit, not exceeding the fee payable for a license under section 8.

Amendment of section 36.

15. In section 36 of the said Act, for the words "one month" the words "two months" shall be substituted.

Repeals.

16. The enactments specified in the Schedule are hereby repealed, to the extent mentioned in the third column thereof.

THE SCHEDULE.

(*see section 16.*)

Caution—Vladivostok approach—Floating mines.

No. 161 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 441 of 1908), are republished:—

Particulars.—As the Japan sea is not yet free from floating mines, and in view of the possibility of encountering those which have not yet been recovered, and still consitute a danger to navigation, Mariners are warned to approach Askold island at such a time that the passages from thence to Vladivostok will be completed before dark.
Position.—Askold light, lat. 42° 44′ N., long. 132° 22′ E.
Directions.—Vessels should, from a position 10 miles S. 7° W. of Askold island lighthouse, proceed northward towards cape Elagina, and, before coming within three miles of this cape, alter course to pass within one mile of Askold point. After rounding this point, proceed two miles further on a N. 7° E. course, when a course may be shaped to pass between Skripleff island and cape Basargina.
Caution.—A good lookout should also be kept for floating objects, all of which should be given a wide berth, and in winter it is particularly necessary to avoid floating ice as a mine may be embedded in it.
Pilots.—Though not compulsory, it is considered advisable to take a pilot on board from Askold island.

RESOLUTION ON THE BUDGET ESTIMATE OF THE COMMISSIONERS OF THE PORT OF CALCUTTA FOR THE YEAR 1908-1909.

No. 1636 Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 2nd May 1908.

RESOLUTION.

Read—

Letter No. 10322, dated 24th March 1908, from the Vice-Chairman, Port Commissioners, Calcutta, submitting for sanction the Budget Estimates of the Commissioners for the year 1908-1909.

CAPITAL ACCOUNT.

The Budget provides for an expenditure of Rs. 1,08,00,000 on the capital account during the year. Of this amount, a sum of Rs. 42,00,000 is allowed for

expenditure on the acquisition of land required for the future extension of the Kidderpore Docks. A sum of Rs. 66,00,000 will be spent on new works and on those that are in progress.

2. The following statement shows the principal works which are now in progress:—

WORKS.	Estimated cost.	Estimated expenditure during 1908-1909.

Ferry Service.		
Landing stages	40,000	40,000

4. The growth of the trade of the port in recent years has been rapid and the accommodation has been found inadequate. The Commissioners have for some years taken active measures to meet the growing requirements of trade. Last year progress was to some extent retarded on account of the unfavourable state of the money market both at Home and in India. Conditions have now improved, and it is satisfactory that the Commissioners have been able to provide for an expenditure of Rs. 108 lakhs during the current year.

REVENUE ACCOUNT.

5. A general summary of the estimates submitted by the Commissioners is given below :—

GENERAL SUMMARY.—Slight rain fell in parts of Lower Bengal and also in Darjeeling. In Cooch Behar there was a fall of 4·79 inches. In the rest of the Province there was no rain. Threshing of *rabi* crops continues. Preparation of lands for the next season's crops is going on, but it is being impeded in some districts for want of moisture. The planting of sugarcane is not over yet. Drought is affecting the crop already planted. Rain is urgently wanted throughout the Province for the sowing of *bhadoi* crops. Prospects of *boro* paddy are not good in Murshidabad and in Orissa due to want of rain. Harvesting of *mahua* is over. The outturn of the crop is not as good as was anticipated in the beginning of the season. The price of common rice is stationary in most districts It has risen in Hooghly, Shahabad, Saran, Monghyr, Purnea, Angul and Hazaribagh and fallen in Jessore, Khulna and Ranchi. Food-stocks are insufficient in Nadia, Murshidabad, Cuttack, Balasore, Palamau, and in parts of Birbhum Scarcity is still apprehended in Nadia and Palamau. The water-supply is scarce in the Burdwan, Presidency and Orissa Divisions, and also in the Sonthal Parganas, Manbhum and Singhbhum. Fodder is becoming insufficient in Birbhum, Bankura, Hooghly, Cuttack, Balasore and Singhbhum. Cattle-disease prevails in Murshidabad, Bhagalpur, the Sonthal Parganas, Puri and in all the districts of the Chota Nagpur Division—Singhbhum excepted. Further deaths of cattle are reported from Balasore for want of fodder and water. The number of persons attending test-works in Bankura, Hazaribagh and Ranchi was 2,384 and in Orissa districts 17,071. Gratuitous relief was given to 22,414 persons, of whom 16,965 were in Orissa.

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

When in Geology, one must be Chemistry.

When in Physiology, one must be Chemistry.

When in Mathematics, one must be Physics.

M.A.—

The College has applied for affiliation for the M.A. degree in English, Philosophy, History and Mathematics, and for these subjects there need be no restriction as to admissions.

There will be no M.Sc. classes this year.

3. Admissions will be unrestricted (subject to the above conditions) so far as considerations of space and efficient teaching admit of it. As there is possibility, even probability, of the applications in some departments exceeding the accommodation available, preference will be given to applications received before 15th June in this order—

(*a*) To applicants who have passed the Matriculation or Intermediate Examinations in the First Division.

(*b*) To applicants who have passed the Matriculation or Intermediate Examinations in the Second Division.

(*c*) To applicants who are sons of old Presidency College students or have other special claims, and as regards the Intermediate Examination in each of the cases distinguished to students who have passed from the Presidency College.

4. Applications received after 15th June can only be entertained if the considerations necessitating restriction above set forth admit of it.

The session opens after the long vacation on Monday, the 29th June. Lecture courses begin Wednesday, the 1st July.

CALCUTTA, H. R. JAMES,

The 1st April 1908. *Principal, Presidency College, Calcutta.*

YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE OF ACCOUNTANTS.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 6th and 7th July 1908, at 10-30 A.M., both days:—

SUBJECTS.

	marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	100	50
Dictation (spelling, punctuation, etc.)	100	50
Arithmetic (the whole) ...	240	160
Mensuration (*a*) (the whole) ...	60	30
Book-keeping (*b*) (mercantile) ...	100	50
Total	600	

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping" by Bell and Hamilton.
"Book keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the first Monday in July. The examination will be conducted, either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's hand-writing.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits hi application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of rupees ten.

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of elementary mathematics.
(2) Careful training in survey work.
(3) Drawing, both free hand and engineering.
(4) Elements of road-making and the construction of simple buildings.
(5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 6th July 1908.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable one year, are awarded each year on the results of the annual examinations, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

(1) The Entrance Examination of an Indian University in English and mathematics.
(2) Standard VII of the Code of European schools.
(3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance Examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 7th and 8th July, respectively (from 6 A.M. to 9 A.M each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

(*a*) Name, address, and occupation of father or guardian.
(*b*) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family has taken up his residence in Bihar.)
(*c*) A certificate of good moral character from last head-master.
(*d*) An attested certificate of age (showing that he is under 20 years of age).
(*e*) A medical certificate showing him to be fit for employment in the public service.
(*f*) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin-student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 8th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 6th July 1908, unless application for admission is made before 30th June 1908.

10. All candidates for admission to the school should present themselves personally at the school on 6th July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Particulars.—The positions of Lamotrek, Elato, and Olimarao islands as shown on the charts are incorrect, a sand cay has formed in the approach to Wolea lagoon, and the true meridian on the charts of port Metalanim, Ponapi island, is in error, as follows :—

1. Lamotrek, Elato, and Olimarao.

Amended Position.—The Lamotrek, Elato, and Olimarao islands are situated 8½ miles westward of the positions now shown on the chart.

S.E. point, Lamotrek island, lat. 7° 27′ N., long. 146° 22′ E.

Note.—The above groups of islands, with the surrounding islets and dangers, have therefore been moved on the charts as a whole 8½ miles to the westward.

2. Wolea. Sand cay.

Position.—A sand cay, 2 cables in extent, has formed on the reef situated about 2 miles W. by S. ½ S. from the south point of Raur island, Wolea (Ulie) group.

Lat. 7° 21¼′ N., long. 143° 55½′ E.

Variation.—3° E.

3. Port Metalanim.

Position.—Lat. 6° 52′ N., long. 158° 24′ E.

Remarks.—The true meridian on the plan of port Metalanim is represented by a line drawn about N. 12° W. from the vertical margin of the chart, in other words the vertical margin of the plan is N. 12° E. (true).

Note.—A line in this direction (N. 12° W.) has been placed on the plan and marked "Approximate True Meridian."

Variation.—6° E.

Scawfell shoal—Position of and decreased depth on—.

No. 197 (first publication).—The Commander of H. M. S. *Waterwitch* reports (dated April 1908) that he has located Scawfell shoal to be in—

Lat. 7° 17′ 50″ N.
Long. 106° 51′ 18″ E.

An examination revealed that it is a narrow ridge of coral formation, about 2¼ miles long in an east and west direction, and 4 cables wide in a north and south direction within the 20 fathom line; and 5½ cables long in an east and west direction, and 2¼ cables wide in a north and south direction within the 10 fathom line.

A least depth of 5 fathoms coral was found nearly in the centre of the 10 fathom area. This shoal was not marked by any discolouration of the water, nor by overfalls or smooths.

The astronomical position given is for the shoalest spot.

This Notice affects Admiralty Charts Nos. 2660A and 1263. China Sea Directory, vol. 2 5th edition, 1906, pages 109 and 117.

* The report is for the week ending the 2nd May 1908.

General Summary.—During the week under report rain fell in all the districts of the Province except Palamau. The fall was fairly heavy in Jessore and Balasore, moderate in the Burdwan Division, also in the 24-Parganas, Khulna, Monghyr, Bhagalpur, Cuttack, Puri and Cooch Behar, and light in other districts. The recent rain has done much good to the standing crops, such as sugarcane and vegetables. Ploughing of lands which was at a stand-still in many districts has now been resumed, and sowing of the *bhadoi* crops has commenced. *China* and sugarcane are doing well in Bihar, and prospects of the mango crop in Darbhanga are excellent. The price of common rice is stationary in most districts; it has risen in Jessore, Khulna, Monghyr and Angul and fallen in the 24-Parganas, Hazaribagh and Ranchi. Stocks of food-grains are insufficient in Nadia, Murshidabad, Cuttack, Balasore and Palamau. Scarcity is apprehended in Nadia and Palamau. The water-supply is scarce in most districts of the Burdwan and Presidency Divisions and in parts of the Sonthal Parganas and Manbhum. The fodder-supply is insufficient in Bankura, the Sonthal Parganas, Cuttack and Balasore. Cattle-disease is reported from Birbhum, Darbhanga, Bhagalpur, Ranchi and Palamau. The condition of cattle is reported to be bad in Balasore for want of fodder and water; the recent rain has, however, improved the situation. The number of persons on test-works in Bankura, Hazaribagh and Ranchi was 2,194, and in the Orissa districts 15,132. Gratuitous relief was given to 22,105 persons of whom 17,173 were in Orissa.

SUMMARY OF THE RAINFALL OBSERVATIONS TAKEN IN BENGAL DURING THE MONTH OF APRIL 1908.

During April, rain fell in all the districts in South-West Bengal, but in all cases it was in considerable defect of the normal. Except in the districts of Darjeeling, Darbhanga, Purnea and the Sonthal Parganas, where the fall was very light, the whole of Bihar was rainless. Rainfall, though general in Orissa, except in the district of Puri, was much below the average everywhere.

Except for a light fall in the district of Singhbhum, no rain fell in Chota Nagpur during the month Expressed in percentage figures, South-West Bengal received 15 per cent., Bihar 11 per cent , Orissa 7 per cent. and Chota Nagpur only 1 per cent. of the normal.

The following table gives the summary of the rainfall data of each of the four Meteorological Divisions of the Province of Bengal for the month of April 1908 :—

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; d, drizzling rain; t, thunder; <, lightning; g, dark gloomy; p, passing shower; /, strong wind.

Simla, the 15th May 1908.

No. 1801-E.C.—In continuation of the notification of the Government of India in the Foreign Department, No. 302-E., dated the 9th February 1894, the following is published for general information:—

TIBET TRADE REGULATIONS.

Preamble.—Whereas by Article I of the Convention between Great Britain and China on the 27th April 1906, that is the 4th day of the 4th moon of the 32nd year of Kwang Hsü, it was provided that both the High Contracting Parties should engage to take at all times such steps as might be necessary to secure the due fulfilment of the terms specified in the Lhasa Convention of 7th September 1904 between Great Britain and Tibet, the text of which in English and Chinese was attached as an Annexé to the abovementioned Convention;

And whereas it was stipulated in Article III of the said Lhasa Convention that the question of the amendment of the Tibet Trade Regulations which were signed by the British and Chinese Commissioners on the 5th day of December 1893 should be reserved for separate consideration, and whereas the amendment of these Regulations is now necessary;

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, and His Majesty the Emperor of the Chinese Empire have for this purpose named as their Plenipotentiaries, that is to say:

His Majesty the King of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India—Mr. E. C. Wilton, C.M.G.;

His Majesty the Emperor of the Chinese Empire—His Majesty's Special Commissioner Chang Yin Tang;

And the High Authorities of Tibet have named as their fully authorised Representative to act under the directions of Chang Tachen and take part in the negotiations—The Tsarong Shape, Wang Chuk Gyalpo.

And whereas Mr E. C. Wilton and Chang Tachen have communicated to each other since their respective full powers and have found them to be in good and true form and have found the authorization of the Tibetan Delegate to be also in good and true form, the following amended Regulations have been agreed upon:

I.—The Trade Regulations of 1893 shall remain in force in so far as they are not inconsistent with these Regulations.

II.—The following places shall form, and be included within, the boundaries of the Gyantse mart:

(*a*) The line begins at the Chumig Dangsang (Chhu-Mig-Dangs-Sangs), north-east of the Gyantse Fort, and thence it runs in a curved line, passing behind the Pekor-Chode (Dpal-Hkhor-Choos-Sde), down to Chag-Dong-Gang (Phyag-Gdong-Sgang); thence passing straight over the Nyan Chu, it reaches the Zamsa (Zam-Srag). (*b*) From the Zamsa the line continues to run, in a south-eastern direction, round to Lachi-To (Gla-Dkyii-Stod), embracing all the farms on its way, *viz.*, The Lahong; The Hogtso (Hog-Mtsho); The Tong-Chung-Shi (Grong-Chhung-Gshis); and the Rabgang (Rab-Sgang), etc.; (*c*) From Lachi-To the line runs to the Yutog (Gyu-Thog), and thence runs straight, passing through the whole area of Gamkar-Shi (Ragal-Mkhar-Gshis), to Chumig Dangsang.

As difficulty is experienced in obtaining suitable houses and godowns at some of the marts, it is agreed that British subjects may also lease lands for the building of houses and godowns at the marts, the locality for such building sites to be marked

out specially at each mart by the Chinese and Tibetan authorities in consultation with the British Trade Agent. The British Trade Agents and British subjects shall not build houses and godowns except in such localities, and this arrangement shall not be held to prejudice in any way the administration of the Chinese and Tibetan Local Authorities over such localities, or the right of British subjects to rent houses and godowns outside such localities for their own accommodation and the storage of their goods.

British subjects desiring to lease building sites shall apply through the British Trade Agent to the Municipal Office at the mart for a permit to lease. The amount of rent, or the period or conditions of the lease, shall then be settled in a friendly way by the lessee and the owner themselves. In the event of a disagreement between the owner and lessee as to the amount of rent or the period or conditions of the lease, the case will be settled by the Chinese and Tibetan Authorities in consultation with the British Trade Agent. After the lease is settled, the sites shall be verified by the Chinese and Tibetan Officers of the Municipal Office conjointly with the British Trade Agent. No building is to be commenced by the lessee on a site before the Municipal Office has issued him a permit to build, but it is agreed that there shall be no vexatious delays in the issue of such permit.

III.—The administration of the trade marts shall remain with the Tibetan Officers, under the Chinese Officers' supervision and directions.

The Trade Agents at the marts and Frontier Officers shall be of suitable rank, and shall hold personal intercourse and correspondence one with another on terms of mutual respect and friendly treatment.

Questions which cannot be decided by agreement between the Trade Agents and the Local Authorities shall be referred for settlement to the Government of India and the Tibetan High Authorities at Lhasa. The purport of a reference by the Government of India will be communicated to the Chinese Imperial Resident at Lhasa. Questions which cannot be decided by agreement between the Government of India and the Tibetan High Authorities at Lhasa shall, in accordance with the terms of Article I of the Peking Convention of 1906, be referred for settlement to the Governments of Great Britain and China.

IV.—In the event of disputes arising at the marts between British subjects and persons of Chinese and Tibetan nationalities, they shall be enquired into and settled in personal conference between the British Trade Agent at the nearest mart and the Chinese and Tibetan Authorities of the Judicial Court at the mart, the object of personal conference being to ascertain facts and to do justice. Where there is a divergence of view the law of the country to which the defendant belongs shall guide. In any of such mixed cases, the Officer or Officers of the defendant's nationality shall preside at the trial; the Officer or Officers of the plaintiff's country merely attending to watch the course of the trial.

All questions in regard to rights, whether of property or person, arising between British subjects, shall be subject to the jurisdiction of the British Authorities

British subjects, who may commit any crime at the marts or on the routes to the marts, shall be handed over by the local authorities to the British Trade Agent at the mart nearest to the scene of offence, to be tried and punished according to the laws of India, but such British subjects shall not be subjected by the local authorities to any ill-usage in excess of necessary restraint.

Chinese and Tibetan subjects, who may be guilty of any criminal act towards British subjects at the marts or on the routes thereto, shall be arrested and punished by the Chinese and Tibetan Authorities according to law.

Justice shall be equitably and impartially administered on both sides.

Should it happen that Chinese or Tibetan subjects bring a criminal complaint against a British subject before the British Trade Agent, the Chinese or Tibetan Authorities shall have the right to send a representative, or representatives, to watch the course of trial in the British Trade Agent's Court. Similarly, in cases in which a British subject has reason to complain of a Chinese or Tibetan subject in the Judicial Court at the mart, the British Trade Agent shall have the right to send a representative to the Judicial Court to watch the course of trial.

V. The Tibetan Authorities, in obedience to the instructions of the Peking Government, having a strong desire to reform the judicial system of Tibet, and to bring it into accord with that of Western nations, Great Britain agrees to relinquish her rights of extra-territoriality in Tibet, whenever such rights are relinquished in China, and when she is satisfied that the state of the Tibetan laws and the arrangements for their administration and other considerations warrant her in so doing.

VI.—After the withdrawal of the British troops, all the rest-houses, eleven in number, built by Great Britain upon the routes leading from the Indian frontier to Gyantse, shall be taken over at original cost by China and rented to the Government of India at a fair rate. One-half of each rest-house will be reserved for the use of the British officials employed on the inspection and maintenance of the telegraph lines from the marts to the Indian frontier and for the storage of their materials, but the rest-houses shall otherwise be available for occupation by British, Chinese and Tibetan Officers of respectability who may proceed to and from the marts.

Great Britain is prepared to consider the transfer to China of the telegraph lines from the Indian frontier to Gyantse when the telegraph lines from China reach that mart and in the meantime Chinese and Tibetan messages will be duly received and transmitted by the line constructed by the Government of India.

In the meantime China shall be responsible for the due protection of the telegraph lines from the marts to the Indian frontier and it is agreed that all persons damaging the lines or interfering in any way with them or with the officials engaged in the inspection or maintenance thereof shall at once be severely punished by the local authorities.

VII.—In lawsuits involving cases of debt on account of loans, commercial failure, and bankruptcy, the authorities concerned shall grant a hearing and take steps necessary to enforce payment; but if the debtor plead poverty and be without means, the authorities concerned shall not be held responsible for the said debts nor shall any public or official property be distrained upon in order to satisfy these debts.

VIII.—The British Trade Agents at the various trade marts now or hereafter to be established in Tibet may make arrangements for the carriage and transmission of their posts to and from the frontier of India. The couriers employed in conveying these posts shall receive all possible assistance from the local authorities whose districts they traverse and shall be accorded the same protection as the persons employed in carrying the despatches of the Tibetan Authorities. When efficient arrangements have been made by China in Tibet for a Postal Service, the question of the abolition of the Trade Agents' couriers will be taken into consideration by Great Britain and China. No restrictions whatever shall be placed on the employment by British officers and traders of Chinese and Tibetan subjects in any lawful capacity. The persons so employed shall not be exposed to any kind of molestation or suffer any loss of civil rights to which they may be entitled as Tibetan subjects, but they shall not be exempted from all lawful taxation. If they be guilty of any criminal act, they shall be dealt with by the local authorities according to law without any attempt on the part of their employer to screen or conceal them.

IX.—British officers and subjects, as well as goods, proceeding to the trade marts must adhere to the trade routes from the frontier of India. They shall not, without permission, proceed beyond the marts, or to Gartok from Yatung and Gyantse, or from Gartok to Yatung and Gyantse, by any route through the interior of Tibet, but natives of the Indian frontier, who have already by usage traded and resided in Tibet, elsewhere than at the marts, shall be at liberty to continue their trade, in accordance with the existing practice, but when so trading or residing they shall remain, as heretofore, amenable to the local jurisdiction.

X.—In cases where officials or traders *en route* to and from India or Tibet are robbed of treasure or merchandise, public or private, they shall forthwith report to the Police officers, who shall take immediate measures to arrest the robbers, and hand them to the Local Authorities. The Local Authorities shall bring them to instant trial, and shall also recover and restore the stolen property. But if the robbers flee to places out of the jurisdiction and influence of Tibet, and cannot be arrested, the Police and the Local Authorities shall not be held responsible for such losses.

XI.—For public safety tanks or stores of kerosine oil or any other combustible or dangerous articles in bulk must be placed far away from inhabited places at the marts.

British or Indian merchants, wishing to build such tanks or stores, may not do so until, as provided in Regulation II, they have made application for a suitable site.

XII.—British subjects shall be at liberty to deal in kind or in money, to sell their goods to whomsoever they please, to purchase native commodities from whomsoever they please, to hire transport of any kind, and to conduct in general their business transactions in conformity with local usage and without any vexatious restrictions or oppressive exactions whatever.

It being the duty of the Police and Local Authorities to afford efficient protection at all times to the persons and property of the British subjects at the marts, and along the routes to the marts, China engages to arrange effective police measures at the marts and along the routes to the marts. On due fulfilment of these arrangements, Great Britain undertakes to withdraw the Trade Agents' guards at the marts and to station no troops in Tibet so as to remove all cause for suspicion and disturbance among the inhabitants. The Chinese Authorities will not prevent the British Trade Agents holding personal intercourse and correspondence with the Tibetan officers and people.

Tibetan subjects trading, travelling or residing in India shall receive equal advantages to those accorded by this Regulation to British subjects in Tibet.

XIII.—The present Regulations shall be in force for a period of ten years reckoned from the date of signature by the two Plenipotentiaries as well as by the Tibetan Delegate; but if no demand for revision be made on either side within six months after the end of the first ten years, then the Regulations shall remain in force for another ten years, from the end of the first ten years; and so it shall be at the end of each successive ten years.

XIV.—The English, Chinese and Tibetan texts of the present Regulations have been carefully compared, and, in the event of any question arising as to the interpretation of these Regulations, the sense as expressed in the English text shall be held to be the correct sense.

XV.—The Ratifications of the present Regulations under the hand of His Majesty the King of Great Britain and Ireland, and of His Majesty the Emperor of the Chinese Empire, respectively, shall be exchanged at London and Pekin within six months from the date of signature.

In witness whereof the two Plenipotentiaries and the Tibetan Delegate have signed and sealed the present Regulations.

Done in quadruplicate at Calcutta, this twentieth day of April, in the year of our Lord nineteen hundred and eight, corresponding with the Chinese date, the twentieth day of the third moon of the thirty-fourth year of Kuang Hsü.

The 19th May 1908.

JOHN RICHARD CUNNINGHAM,
Offg. Asst. Director of Public Instruction, Bengal.

PRESIDENCY COLLEGE, SESSION 1908-1909.

CONDITIONS OF ADMISSION.

As some limitation of numbers at the Presidency College is inevitable as a result of the new Regulations of the Calcutta University, the following information as to conditions of admission next session is published for the information of intending applicants.

1. Applications for admission will be received at the Presidency College on and after 1st June.

2. The following combinations of subjects are admissible :—

INTERMEDIATE.

Arts—

1.	2.	3.	4.
English.	English.	English.	English.
Sanskrit or Persian.	Sanskrit or Persian.	Sanskrit or Persian.	History.
History.	History.	Logic.	Logic.

Combinations 1 and 2 are recommended to students in doubt.

Science—

1	2.
English.	English.
Chemistry.	Chemistry.
Physics.	Physics.
Mathematics.	Physiology.

Combination 1 is strongly recommended.

Applicants in Arts are reminded that only students who have taken Logic for the Intermediate Examination are allowed by the University Regulations to take Philosophy for the B.A.

Applicants in Science are reminded that no student is permitted by the University Regulations to take Physics or Chemistry for the B.Sc. unless he has taken both Mathematics and Physics for the Intermediate Examination, nor Mathematics unless he has taken Mathematics for the Intermediate.

B.A.—

1.	2.	3.	4.
English.	English.	English.	English.
Sanskrit Pali or Persian.	Sanskrit Pali or Persian.	Sanskrit Pali or Persian.	Sanskrit. Pali or Persian.

1. Mathematics. Physics. Chemistry.
2. Mathematics. Physics. Physiology.
3. Mathematics. Physics. Geology.
4. Mathematics. Chemistry. Physiology.
5. Mathematics. Chemistry. Geology.
6. Physics. Chemistry. Physiology.
7. Physics. Chemistry. Geology.

In the choice of Honour subjects the following limitations must be observed :—

When Honours are taken in Physics, the other subjects taken must be Mathematics and Chemistry

When Honours are taken in Chemistry, the other subjects taken must be Mathematics and Physics.

When in Geology, one must be Chemistry.

When in Physiology, one must be Chemistry.

When in Mathematics, one must be Physics.

M.A.—

The College has applied for affiliation for the M.A. degree in English, Philosophy, History and Mathematics, and for these subjects there need be no restriction as to admissions.

There will be no M.Sc. classes this year.

3. Admissions will be unrestricted (subject to the above conditions) so far as considerations of space and efficient teaching admit of it. As there is possibility, even probability of the applications in some departments exceeding the accommodation available, preference will be given to applications received before 15th June in this order—

(*a*) To applicants who have passed the Matriculation or Intermediate Examinations in the First Division.

(*b*) To applicants who have passed the Matriculation or Intermediate Examinations in the Second Division.

(*c*) To applicants who are sons of old Presidency College students or have other special claims, and as regards the Intermediate Examination in each of the cases distinguished to students who have passed from the Presidency College.

4. Applications received after 15th June can only be entertained if the considerations necessitating restriction above set forth admit of it.

The session opens after the long vacation on Monday, the 29th June. Lecture courses begin Wednesday, the 1st July.

CALCUTTA,
The 1st April 1908.

H. R. JAMES,
Principal, Presidency College, Calcutta.

YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE OF ACCOUNTANTS.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 6th and 7th July 1908, at 10-30 A.M., both days :—

SUBJECTS.

	Full marks.	Minimum pass marks
Writing (neatness, clearness, and rapidity) ..	100	50
Dictation (spelling, punctuation, etc.) ..	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) (the whole)	60	30
Book-keeping (*b*) (mercantile)	100	50
Total ..	600	

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping" by Ball and Hamilton.
"Book keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the first Monday in July. The examination will be conducted, either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's hand-writing.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of rupees ten.

SIBPUR,
The 5th May 1908.

B. HEATON,
Principal, Civil Engineering College.

SENATE HOUSE
The 18th May 1908.

G. THIBAUT,
Registrar.

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of elementary mathematics.
(2) Careful training in survey work.
(3) Drawing, both free-hand and engineering.
(4) Elements of road-making and the construction of simple buildings.
(5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 6th July 1908.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable one year, are awarded each year on the results of the annual examinations, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

(1) The Entrance Examination of an Indian University in English and mathematics.
(2) Standard VII of the Code of European schools.
(3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance Examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 7th and 8th July, respectively (from 6 A.M. to 9 A.M each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

(*a*) Name, address, and occupation of father or guardian.
(*b*) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family has taken up his residence in Bihar.)
(*c*) A certificate of good moral character from last head-master.
(*d*) An attested certificate of age (showing that he is under 20 years of age).
(*e*) A medical certificate showing him to be fit for employment in the public service.
(*f*) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin-student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 8th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 6th July 1908, unless application for admission is made before 30th June 1908.

10. All candidates for admission to the school should present themselves personally at the school on 6th July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

BANKIPORE,

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Lamotrek, Elato, and Olimarao islands—Position of. Wolea (Ulie) islands—Sand cay formed. Port Metalanim—True Meridian incorrect on plan.

No. 194 (second publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 548 of 1908), are republished :—

Particulars.—The positions of Lamotrek, Elato, and Olimarao islands as shown on the charts are incorrect, a sand cay has formed in the approach to Wolea lagoon, and the true meridian on the charts of port Metalanim, Ponapi island, is in error, as follows :—

1. Lamotrek, Elato, and Olimarao.

Amended Position.—The Lamotrek, Elato, and Olimarao islands are situated 8½ miles westward of the positions now shown on the chart.

S.E. point, Lamotrek island, lat. 7° 27′ N., long. 146° 22′ E.

Note.—The above groups of islands, with the surrounding islets and dangers, have therefore been moved on the charts as a whole 8½ miles to the westward.

2. Wolea. Sand cay.

Position.—A sand cay, 2 cables in extent, has formed on the reef situated about 2 miles W. by S. ½ S. from the south point of Raur island, Wolea (Ulie) group.

Lat. 7° 21¼′ N., long. 143° 55½′ E.

Variation.—3° E.

3. Port Metalanim.

Position.—Lat. 6° 52′ N., long. 158° 24′ E.

Remarks.—The true meridian on the plan of port Metalanim is represented by a line drawn about N. 12° W. from the vertical margin of the chart, in other words the vertical margin of the plan is N. 12° E. (true).

Note.—A line in this direction (N. 12° W.) has been placed on the plan and marked "Approximate True Meridian."

Variation.—6° E.

Scawfell shoal—Position of and decreased depth on—.

No. 197 (second publication).—The Commander of H. M. S. *Waterwitch* reports (dated April 1908) that he has located Scawfell shoal to be in—

Lat. 7° 17′ 50″ N.
Long. 106° 51′ 18″ E.

An examination revealed that it is a narrow ridge of coral formation, about 2¼ miles long in an east and west direction, and 4 cables wide in a north and south direction within the 20 fathom line; and 5½ cables long in an east and west direction, and 2½ cables wide in a north and south direction within the 10 fathom line.

A least depth of 5 fathoms coral was found nearly in the centre of the 10 fathom area. This shoal was not marked by any discolouration of the water, nor by overfalls or smooths.

The astronomical position given is for the shoalest spot.

FINAL FORECAST OF THE OILSEED CROPS OF BENGAL, 1907-08.

THE following is published for general information.

E. A. GAIT,
Chief Secy. to the Govt. of Bengal.

The 11th May 1908.

DEPARTMENT OF AGRICULTURE, BENGAL.

FINAL FORECAST OF THE OILSEED CROPS OF BENGAL, 1907-08.

(On an average of the five years ending 1905-06, the areas under linseed, rape and mustard and *til* in the territory to which this forecast relates have represented some 22·8, 13·1 and 5·9 per cent. respectively, of the total area under these crops in British India.)

Explanatory.—The present report contains final estimates of the area and outturn of all the different kinds of oilseeds, both *bhadoi* and *rabi* grown in this Province

The normal area under mustard, and rape is 38 per cent. of the total area under oilseeds. Linseed occupies about 32 per cent. of the total area and the remaining 30 per cent. is under *til* (*bhadoi* and *rabi*) castor, etc. The chief rape and mustard growing districts are Purnea, the Sonthal Parganas, Bhagalpur, Jessore, Khulna, Darbhanga and Nadia. More than 50 per cent. of the total quantity of linseed is grown in the Patna Division. The bulk of the *til* crop is cultivated in Sambalpur, Angul, Midnapore, Hazaribagh and Jessore.

Character of the season.—The monsoon was generally weak all over the Province in September and practically no rain fell in October and November. The normal area therefore could not be sown. Where sowings were effected, germination was unsatisfactory and the growth of the young plants was injured. In December and January the little rain which fell in Lower Bengal and Orissa benefited the crops. The rain which fell in Bihar early in February, improved prospects. The season, however, has been an unfavourable one for the oilseed crops of the Province.

Area sown.—The total normal area under the different kinds of oilseeds in the Province is estimated at 2,469,600 acres. The area actually sown this year is 1,621,100 acres (66 per cent. of the normal) against 2,250,900 acres last year.

Character of the crops.—Darbhanga is the only important oilseed growing district which estimates a fair crop (94 per cent. of the normal). Seven districts (*viz.*, Hooghly, the 24-Parganas, Monghyr, Bhagalpur, Cuttack, Purnea and Darjeeling) report between 70 and 79 per cent., crops ; 9 districts expect crops between 60 and 69 per cent.; 5 districts report between 50 and 59 per cent.), crops. The worst crops are reported from the remaining 11 districts *viz.*, Murshidabad, Palamau and Manbbum (40 per cent., each), the Sonthal Parganas (46 per cent.), Singhbhum (44 per cent.), Nadia and Jessore (33 per cent., each), Birbhum and Sambalpur (30 per cent. each), Hazaribagh (22 per cent.) and Ranchi (25 per cent.).

Since the preliminary forecast, prospects have improved in Bihar, the 24 parganas, Jessore and Palamau. The outturn of the different kinds of oilseeds for the Province as a whole amounts according to the district returns to 61 per cent. of an average crop, against 57 per cent estimated in the preliminary forecast. The outturn of last year was 80 per cent.

Taking 6 maunds per acre to be the normal rate of outturn for linseed, rape and mustard and 4¼ maunds per acre for other oilseeds, the gross yield for all oilseed crops for this Province amounts to 202,000 tons against 347,000 tons estimated last year.

W. R. GOURLAY,
Offg. Director of Agriculture, Bengal.

Boad ...	...	Slight rain at the Sadar station. Better showers in certain parts of the interior.

The outturn of *mahua* estimated at 8 annas in Mourbhanj. The condition of sugarcane fair in Keonjhar, Athmallik, Baramba, Ranpur, Athgarh, Talcher, Dhenkanal, Nayagarh, Kalahandi, Patna and Boad. Lands being ploughed in Khandpara, Hindol, Daspalla, Keonjhar, Baramba, Mourbhanj, Talcher, Nilgiri and Nayagarh. Agricultural stock, fodder and water sufficient. Price of rice varying from six seers in Rairakhol and six and a half seers in Mourbhanj and Athmallik to eleven seers in Talcher and twelve seers in Pal Lahera.

* The report is for the week ending the 9th May 1908.

GENERAL SUMMARY.—Heavy showers fell in Cooch Behar, Khulna, Jessore and in the Feudatory States of Orissa. The fall in these places amounted to 6·51, 4·95, 4·54 and 2·58 inches, respectively. Darjeeling, Puri, Midnapore and Manbhum received more than an inch of rain, while Bankura, the Sonthal Parganas, Singhbhum, Shahabad, Burdwan, Muzaffarpur, Angul and Cuttack received more or less half an inch of rain. In the rest of the Province the rainfall was scanty. No rain fell in Nadia, Murshidabad, Patna, Saran, Monghyr, Purnea and Balasore. The weather was generally hot throughout the Province. Rain is still wanted for the sowing of *bhadoi* crops and also for standing crops in some parts of the Province. The preparation of lands for the next season's crops is going on. The price of common rice is stationary in all the districts of the Province excepting Howrah, Muzaffarpur, Sambalpur, Hazaribagh and Ranchi, where it has risen. Stocks of food-grains are reported to be insufficient in Nadia, Murshidabad, Balasore and Palamau. Scarcity is apprehended in Nadia and Palamau. The water-supply is scarce in most districts of the Burdwan and Presidency Divisions; also in Cuttack, Balasore, Angul and in parts of the Sonthal Parganas and Manbhum. The fodder-supply is insufficient in Bankura, Cuttack, Balasore, Angul and in parts of Burdwan and the Sonthal Parganas. Cattle-disease is reported from Patna, Saran, Darbhanga, Purnea, Sambalpur and in all the districts of the Chota Nagpur Division, Singhbhum excepted. Figures for test works are reported from Murshidabad and Jessore for the first time. The number of persons on test works in Bankura, Murshidabad, Jessore, Hazaribagh and Ranchi was 6,966, and in the Orissa districts 17,714. Gratuitous relief was given to 23,642 persons, of whom 17,652 were in Orissa.

SUMMARY OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL AND IN EASTERN BENGAL AND ASSAM FOR THE MONTH OF MARCH 1908.

DURING the first week of the month ending on the 5th weather was slightly affected by a cold weather depression from the west, and rain fell particularly in the northern districts on the 1st and 2nd. Temperature was normal or in excess on the same days, but the cold wave following the depression lowered the temperature in the western districts, when weather was cooler on the 3rd and 4th. During the week ending the 12th the weather was dominated by somewhat abnormal pressure conditions, which favoured cool dry winds. Skies were almost clear for the greater part of the week, but on the 1st an area of low pressure appeared in the United Provinces, and this gave rise to southerly winds at the head of the Bay and a consequent increase in cloud and humidity. Temperature was generally normal or in excess except on the 11th, when it was in general defect. During the week ending the 19th a few thunderstorms occurred chiefly in Orissa, and a few scattered falls of rain were reported. Heavy cloud was reported from the northern districts on the 13th, but during the rest of the week skies were clear or only lightly clouded. Temperature was normal or in defect, except on the 13th, when it was higher than usual in Chota Nagpur. During the week ending the 26th weather was materially affected by depression moving eastwards from Persia. Heavy general rain fell in Assam on the 24th and local rain in Eastern Bengal and Assam on the 25th, while on the remaining days a few isolated thunderstorms were reported. Skies were more or less overcast during the greater part of the week and temperature was normal. During the last few days of the month light rain occurred at Hazaribagh and in Assam. Skies were lightly to moderately clouded over the greater part of the division on the 27th, but were clear on the remaining days. Temperature was normal up to the 29th, but then commenced to rise.

Summary of temperature.—Temperature was normal during the month. The highest temperature recorded during the month was 105·3 at Midnapore and the lowest was 46·3 at Motihari.

The following table gives the summary of the temperature of each of the seven meteorological divisions of the Provinces of Bengal and of Eastern Bengal and Assam for the month of March 1908:—

METEOROLOGICAL DIVISIONS.	TEMPERATURE.

Summary of rainfall.—The rainfall work of the Province has been placed in the hands of the Director of Agriculture, Bengal, and the usual data regarding the actual and normal rainfall during the month are published by that officer. A short table, however, is attached to this report, giving the rainfall recorded during the month at the head-quarters of the various districts of the Province. Rainfall was in defect over practically the whole area, the only stations reporting an excess being Jessore, Bankipore, Dinajpur, False Point and Darjeeling.

Actual and average rainfall and departure from normal for the month of March 1908.

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; g, dark gloomy; d, drizzling rain; <, lightning; p, passing temporary showers, /, strong wind.

NOTICE.

The 15th May 1908.

TO MEDICAL PRACTITIONERS, DRUGGISTS AND CHEMISTS.

THE following revised rules have been prescribed for controlling the exportation of morphia to Burmah, and special attention is hereby drawn to them :—

(a) Morphia manufactured in India may not be imported into Burmah.

(b) Morphia produced out of India may not be imported into Burmah except by Medical Practitioners and by specially licensed Pharmacists. A Medical Practitioner is a person who has been registered under an English Medical Act, or who has received a medical diploma from an Indian University and who practises medicine according to European methods. A Pharmacist is a person who deals in European medicines and drugs as a means of livelihood and who holds a license for the retail vend of morphia. A Pharmacist may not import morphia unless he has been granted a special importer's license which authorizes both the import and the vend of morphia.

CALCUTTA,
The 19th May 1908.

JOHN RICHARD CUNNINGHAM,
Offg. Asst. Director of Public Instruction, Bengal.

PRESIDENCY COLLEGE, SESSION 1908-1909.

CONDITIONS OF ADMISSION.

As some limitation of numbers at the Presidency College is inevitable as a result of the new Regulations of the Calcutta University, the following information as to conditions of admission next session is published for the information of intending applicants.

1. Applications for admission will be received at the Presidency College on and after 1st June.

2. The following combinations of subjects are admissible :—

INTERMEDIATE.

Arts—

1.	2.	3.	4.
English.	English.	English.	English.
Sanskrit or Persian.	Sanskrit or Persian.	Sanskrit or Persian.	History.
History.	History.	Logic.	Logic.
Logic.	Mathematics.	Mathematics.	Mathematics.

Combinations 1 and 2 are recommended to students in doubt.

Science—

1.	2.
English.	English.
Chemistry.	Chemistry.
Physics.	Physics.
Mathematics.	Physiology.

Combination 1 is strongly recommended.

Applicants in Arts are reminded that only students who have taken Logic for the Intermediate Examination are allowed by the University Regulations to take Philosophy for the B.A.

Applicants in Science are reminded that no student is permitted by the University Regulations to take Physics or Chemistry for the B.Sc. unless he has taken both Mathematics and Physics for the Intermediate Examination, nor Mathematics unless he has taken Mathematics for the Intermediate.

B.A.—

1.	2.	3.	4.
English.	English.	English.	English.
Sanskrit Pali or Persian.	Sanskrit Pali or Persian.	Sanskrit Pali or Persian.	Sanskrit. Pali or Persian.
History.	Political Philosophy.	Philosophy.	Mathematics.

5.	6.	7.
English.	English.	English.
History.	Political Philosophy.	Political Philosophy.
Political Philosophy.	Philosophy.	Mathematics.

The combination of Philosophy with Mathematics, of Philosophy with History and of History with Mathematics cannot be arranged.

Owing to the limits of laboratory space, the choice of one Science subject for the B.A. course cannot be allowed this year.

B.Sc.—

1. Mathematics. Physics. Chemistry.
2. Mathematics. Physics. Physiology.
3. Mathematics. Physics. Geology.
4. Mathematics. Chemistry. Physiology.
5. Mathematics. Chemistry. Geology.
6. Physics. Chemistry. Physiology.
7. Physics. Chemistry. Geology.

In the choice of Honour subjects the following limitations must be observed :—

When Honours are taken in Physics, the other subjects taken must be Mathematics and Chemistry

When Honours are taken in Chemistry, the other subjects taken must be Mathematics and Physics.

When in Geology, one must be Chemistry.

When in Physiology, one must be Chemistry.

When in Mathematics, one must be Physics.

M.A.—

The College has applied for affiliation for the M.A. degree in English, Philosophy, History and Mathematics, and for these subjects there need be no restriction as to admissions.

There will be no M.Sc. classes this year.

3. Admissions will be unrestricted (subject to the above conditions) so far as considerations of space and efficient teaching admit of it. As there is possibility, even probability, of the applications in some departments exceeding the accommodation available, preference will be given to applications received before 15th June in this order—

(*a*) To applicants who have passed the Matriculation or Intermediate Examinations in the First Division.

(*b*) To applicants who have passed the Matriculation or Intermediate Examinations in the Second Division.

(*c*) To applicants who are sons of old Presidency College students or have other special claims, and as regards the Intermediate Examination in each of the cases distinguished to students who have passed from the Presidency College.

4. Applications received after 15th June can only be entertained if the considerations necessitating restriction above set forth admit of it.

The session opens after the long vacation on Monday, the 29th June. Lecture courses begin Wednesday, the 1st July.

CALCUTTA, H. R. JAMES,

The 1st April 1908. *Principal, Presidency College, Calcutta.*

YEARLY EXAMINATION OF CANDIDATES FOR FOURTH GRADE OF ACCOUNTANTS.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 6th and 7th July 1908, at 10-30 A.M., both days:—

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ..	100	50
Dictation (spelling, punctuation, etc.) ..	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) (the whole)	60	30
Book-keeping (*b*) (mercantile)	100	50
Total ..	600	

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping" by Ball and Hamilton.
"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the first Monday in July. The examination will be conducted, either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's hand-writing.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of rupees ten.

Receipts and Expenditure of the District Road Funds in the districts of Darjeeling, Singhbhum and Sonthal Parganas during 1906-1907.

READ—

Annual Reports and Accounts of the District Road Funds in the districts of Singhbhum and Sonthal Parganas for the year 1906-1907, received from the Commissioners of Divisions concerned.

Read again—

Annual Reports and Accounts of the District Road Funds in Bengal for the previous year and the review thereof.

REMARKS.—The Bengal Local Self-Government Act of 1885 was in force in 1906-1907 in all the districts of the Province except the following:—

Darjeeling. | Singhbhum.

Sonthal Parganas.

In the Darjeeling district and in the Dhalbhum and Porahat parganas of the Singhbhum district, the Cess Act of 1880 was in force during the year under review. It was also in force in certain tracts of the Sonthal Parganas from 1st September 1901, while the other Parganas of the Singhbhum district and other tracts of the Sonthal Paganas district were not under the operation of either of the above Acts.

RECEIPTS.

2. In the Darjeeling district, and in the Dhalbhum and Porahat parganas of the Singhbhum district in which the Cess Act was in force, the cess was levied at the maximum rate allowed by law. In the tracts of the Sonthal Parganas, however, in which the Cess Act was introduced, there were cess collections for the first time during the year. For the portions of the Sonthal Parganas and Singhbhum districts which were not under the operation of the

Act, and in which therefore there were no cess collections, funds were provided by grants-in-aid. The receipts for the year 1906-1907, compared with those of the previous year, are shown below:—

3. In the Darjeeling district the decrease under the head "VI—Provincial Rates" under "Cess on lands" was due to the fact that certain amounts due for the year 1906-1907 were paid in advance in 1905-1906. The increase under the head "Grant from Government" was mainly due to the crediting during the year (1) of the sum of Rs. 11,000 which was at first paid by the Committee to Government for improving Panighata to Naxalbari-Tirihana road and subsequently refunded by Government, and (2) of the sum of Rs. 11,000 which was specially sanctioned by the Commissioner to augment the resources of the district.

4. In the Sonthal Parganas the decrease in the total receipts was mainly due to the decrease under the head "Grant from Government" owing to the eduction of the special grant received during the year from the Commissioner.

5. The following table shows the outlay incurred in 1906-1907, compared with that of the previous year:—

6. In the Darjeeling district the increase in expenditure under Communications—Repairs—was mainly due to the adjustment during the year of a

heavy sum of advances made to the Executive Engineer, Darjeeling Division, for repairs to road cess bridges in his charge during the previous years. In this district the year opened with a balance of Rs. 25,777, but closed with a balance of Rs. 38,493. This closing balance was more than one quarter of the year's receipts of the Committee, that is, above the limit prescribed in paragraph 9 of the Resolution No. 4228R.C., dated 18th December 1885; but this is allowed in Bengal Government No. 5106R.C., dated 26th September 1892, as a special case. It has been proposed by the Chairman to devote this balance to (1) making a shorter road to Rongli-Rongliot, (2) improving the road to Panighata, and (3) metalling the road Naxalbari to Kharibari.

7. In the Singhbhum district the year opened with a cash balance of Rs. 23,189, but closed with a balance of Rs. 17,591, which was excessive.

8. In the Sonthal Parganas district also the year opened with a cash balance of Rs. 93,542, but it closed with a balance of Rs. 92,414, which was excessive. The cause of this heavy closing balance was mainly due to—

(a) the difficulty in obtaining suitable contractors to work in distant parts of the district notwithstanding special efforts to obtain them;

(b) the insufficiency of rates provided in the sanctioned estimates based on the schedule of rates.

9. Of the total expenditure incurred during the year, Rs. 1,06,288 was devoted to Civil Works, while the outlay under other sub-heads, exclusive of "Suspense Accounts" was Rs. 48,048 in the aggregate. The distribution of the outlay on Civil Works is as follows:—

District.	Original Works.				Repairs.				Total works and repairs.	Establishment.	Tools and plant.	Petty establishment.	Total Civil Works.

10. *Original Works.*—The principal works carried out in the districts during the year 1906-1907 are as follows:—

Darjeeling District—Constructing a suspension bridge over the Rongbong Jhora above Namsu.

Singhbhum District—

(1) Constructing Haludpukur-Purnapani Section of the Koali-Kalimati Feeder Road.
(2) Constructing bridges &c., on Chaibassa-Jaintgarh Road.
(3) Ditto Dolro bridge on Chaibassa-Bend Road.

Sonthal Parganas District—

From Local Fund—

(1) Constructing Dhobai bridge on Bhagalpur-Suri Road.
(2) Ditto an Inspection bungalow at Mohespur.
(3) Providing furniture and crockery for Mohespur bungalow.
(4) Stone metalling Dumka-Rampur Hât Road from 21st to 25th mile.
(5) Restoration of Bhandara bridge on the Bhagalpur-Suri Road.
(6) Providing railing to a bridge on Pakour-Dhulian Road.
(7) Constructing an Inspection bungalow at Chorekata.

(8) Constructing 13 culverts in place of existing causeways on the Dumka-Rampur Hât Road.
(9) Constructing Bilki bridge.
(10) Ditto Chotajuria bridge on the Dumka-Jamtara Road.
(11) Improving Dumka-Deoghur Road from 36th to 38th mile.
(12) Ditto Karon-Karmataur Road.

From Land Revenue—

(1) Constructing corrugated iron pipe culverts for Damin roads in the Godda Subdivision.
(2) Constructing a bridge over Gumra river in the Dumka Damin.
(3) Improving Bhagaya-Shahabad Road.
(4) Ditto Tinpahar-Borio Road.
(5) Constructing Durgapur bungalow in Rajmahál Damin.
(6) Ditto Dhamni bungalow in Godda Damin.
(7) Ditto Telo bungalow in ditto.
(8) Ditto Dispensary and Hospital Assistant's quarterss at Borio.

11. *Repairs.*—The total expenditure under this head was Rs. 59,870 as detailed in the table below:—

District.	Civil buildings.	Communications.											Miscellaneous repairs.	Total repairs.

,, Singhbhum	296
,, Sonthal Parganas	373
Total	669

13. *Establishment.*—The expenditure under this head amounted to Rs. 24,481, thus:—

District.	Outlay on works and repairs.	Outlay on Establishment.	Percentage.
	Rs.	Rs.	
Darjeeling ...	23,497	1,042	4·43
Singhbhum ...	15,469	3,508	22·67
Sontal Parganas ...	63,451	19,931	31·41
Total	1,02,417	24,481	23·9

In the Darjeeling district the very low percentage is due to the fact that no Engineer was employed. All the works and repairs in the hills of the district and most of those in the Terai were executed by the members of the Committee and other private gentlemen to whom the thanks of Government are due for their assistance. The sum of Rs. 1,042 spent under this head was for the public works establishment in the Terai subdivision only. The percentage in the district of Sonthal Parganas is high. In this district the charges for establishment during the year were Rs. 19,931, against Rs. 19,175 of the previous year.

ORDER.—Ordered that a copy of this Resolution, together with the Annual Accounts of the several District Road Funds, and abstracts from the reports of the Chairmen of the several District Road Committees be published in Part II of the *Calcutta Gazette*.

Ordered, also, that a copy of the Resolution be forwarded for information to the—

Commissioners of the Bhagalpur and Chota Nagpur Divisions;
Superintending Engineers of the Northern and Western Circles;
Accountant-General, Bengal;
Board of Revenue, Lower Provinces;
Financial Department of this Government.

By order of the Lieutenant-Governor of Bengal,

M. J. SCOBIE,

Secy. to the Govt. of Bengal.

Extract from Memorandum No. 596L., dated 29th August 1907, from C. H. BOMPAS, ESQ., I.C.S., *Officiating Commissioner of the Bhagalpur Division, to the Secretary to the Government of Bengal, Public Works Department.*

* * * *

2. The closing balance was Rs. 41,829, against Rs. 34,112 in the previous year. The Deputy Commissioner has proposed to spend the balance on (1) making a shorter road to Rangli Rangliot, (2) improving the road to Panighata, (3) metalling the road—Naxalbari to Kharibari.

3. Five meetings of the Road Committee were held during the year against 4 in the previous year.

4. The budget estimate for repairs has been exceeded in respect of two roads.

Abstract of the Report by the Chairman, District Road Committee of Darjeeling, on the operations of the District Road Fund of the District, for the year 1906-1907.

[*Vide* letter No. 70 R.-F., dated 31st May 1907, from C. H. BOMPAS, ESQ., I.C.S., Chairman of the District Road Committee, Darjeeling, to the Commissioner of the Bhagalpur Division.]

1. *Working of the Committees.—(a) District Road Committee.*—There were 18 members of the Committee, 6 official and 12 non-official. Five meetings were held during the year. The average attendance was 7·6, or 42·2 per cent. at a meeting.

(*b*) *Kurseong Branch Committee.*—The Committee consisted of 9 members, 3 official and 6 non-official Only two meetings were held during the year. The average attendance was 3 5, or 38·8 per cent. at a meeting.

(*c*) *Terai Branch Committee.*—There were 18 members of the Committee, 6 official and 12 non-official. Six meetings were held during the year including one at which there was no quorum. The average attendance was 6·3, or 35 per cent. at a meeting

2. The year opened with a cash balance of Rs. 25,777-6-7 and an outstanding advance of Rs. 8,334-13-8. The total amount of Rs. 77,125-14-8 was available for expenditure during 1906-1907, excluding Rs. 11,000 on account of special grant from Government, which was credited twice, and Rs. 2,400 on account of grant for construction of buildings for primary schools to be repaid to the Deputy Commissioner for the purpose and not yet drawn by him. The actual expenditure during the year was Rs. 46,296-15-0 excluding Rs. 3,335-13-1, the amount advanced but not adjusted during the year. The balance on 31st March 1907 was Rs. 38,493-13-1, including Rs. 2,400 on account of grant for buildings of primary schools and excluding the outstanding advance of Rs. 3,335-13-1. The closing balance was more than one quarter's *kist* which is, as a special case for this district, allowed by the Government, as per No. 5106.R.-C., dated 26th September 1892. It is proposed to devote the balance to (1) making a shorter road to Rongli-Rongliot, (2) improving the road to Panighata, and (3) metalling the road Naxalbari to Kharibari.

RECEIPTS.

3. *Provincial Rates.*—The road cess was levied in the district during the year 1906-1907 at the maximum rate of six pies in the rupee. Rupees 22,328-6-6 was collected on account of cess on lands during the year against Rs. 22,530-15-8 of the preceding year. The decrease is due to the fact that certain amounts due for the your 1906-1907 were paid in advance in 1905-1906.

4. *Contribution.*—(*a*) Rupees 13,587-3-11 was actually received from Government under this head during the year, excluding Rs. 11,000 which was paid by this Committee as contribution from Local to Provincial. There is an increase of Rs. 7,692-0-7 which is thus accounted for :—

		Rs.	A.	P.

Less—Decrease on account of 1½ per cent. Government grant and the grant of Rs. 2,400 for primary school houses	...	3,517	2	1
TOTAL INCREASE	...	7,692	0	7

(b) Rupees 7,000 and Rs 98, as usual, were received from the Darjeeling Improvement Fund on account of contribution towards communications and as its share of the cost of joint cess and tauzi establishment.

EXPENDITURE.

Communications.

5. *Original Works.*—The sum of Rs. 3,022-15-5 was spent under this head during the year. The suspension bridge over Rongbong-Jhora, above Namsu, was completed during the year at the total cost of Rs. 7,787-4-4, of which Rs. 2,749-8-11 was charged during 1906-1907. A sum of Rs. 273-6-6, out of the estimated amount, was adjusted on account of advance made to the Executive Engineer, Darjeeling Division, for construction of a wooden bridge over the Pichla river on the road No. 29—"Phansidewa to Kharibari," during the year.

6. *Repairs*—Rupees 20,474 1-3, as per details below, against Rs. 14,617-0-1 of the preceding year, was spent under this head. The increase was mainly due to the adjustment during the year of a heavy sum of advances made to the Executive Engineer, Darjeeling Division, for repairs to road cess bridges in his charge during the previous years:—

Terai Branch Road Committee.	Roads and bridges ...	4,951	9	4			
					4,951	9	4
	TOTAL				20,474	1	3

7. A total of 2 miles of metalled and 309 miles of unmetalled district roads, including the bridges, were repaired at a cost of Rs. 600 and Rs. 19,874, or Rs. 300 and 64·3 per mile, respectively. No amount was spent on village roads during the year, as such expenditure was not considered necessary. Out of Rs. 20,474-1-3 on account of total cost of repairs, Rs. 9,123-3-9 was charged for the maintenance of certain important bridges under the Darjeeling District and Kurseong Branch Committees. The increase in the cost per mile of the unmetalled roads, is due to the circumstances stated in paragraph 6 above. The metalled road (No. 51) was taken in the list of road cess roads by the Terai Branch Committee towards the close of the year and Rs. 600 was spent on it.

8. *List of Roads.*—The total number of roads was 52, including one metalled road (No. 51) and that of village roads was 5. There were 49 district roads, as per schedule of roads corrected up to 1st October 1905, and three more roads (Nos. 26A, 50 and 51) were afterwards taken in the list by the Kurseong and Terai Branch Committees.

9. *Arboriculture.*—As there are no reserved lands on the sides of the roads, the owners of the lands were asked to plant trees by the roadsides, where necessary, at their own cost.

10. *Water-supply*—As this is attended to by the Darjeeling Improvement Fund and Government, there was no expenditure under this head.

11. *Loans.*—A sum of Rs. 4,168-14-9 principal and Rs. 3,152-2-11 interest, were paid during the year towards the repayment of loans granted by Government in 1900 and 1901 for road cess bridges destroyed and damaged by the unfortunate cyclone of September 1899.

12. *Public Works Establishment.*—There was no District Engineer under the District Committee during the year All the works in the Hills and most of the works in the Terai were, as usual, done by the Managers of the tea gardens. The Committees' thanks are due to them for their valuable assistance. The important road cess bridges were repaired by the Public Works Department at the cost of the Road Fund. A sum of Rs. 1,041-9-0, including contingencies was spent for the entertainment of an overseer and a peon under the Terai Branch Road Committee at Siliguri. The pay of the overseer was Rs 60 with a fixed horse allowance of Rs. 20 and that of the peon was Rs. 7 per mensem.

13. *Audit of Accounts.*—The Examiner of Local Accounts, Bengal, has audited the accounts up to August 1906, and the members of the Audit Sub-Committee have audited the accounts of the whole year.

1906-1907.
